- My portfolio represents who I am, and it showcases all of my projects. You can explore through my portfolio.
- Creating my portfolio, I learned to manage Html and css components and implement functionality using javascript. Furthermore,I gained a deeper understanting of DOM manipulation.
- I used plain CSS for styling my portfolio because I wanted to further enhance my css skills.
- I ensure that is fully responsive.this project has helped me acquire the skills necessary to create a responsive portfolio.
